TEXAS FFA LEADERSHIP DEVELOPMENT EVENTS

Business, industry and government rely on human resources to survive and prosper. Regardless of the industry in question, money and equipment are not sufficient to bring about change, growth and prosperity. Human beings are critical to all productive work. Agricultural education plays an important role in preparing individuals for careers and continuing education in a diverse group of occupations.

Agriculture, food and natural resources programs provide education and training to individuals needed in our world. The program consists of three elements: classroom instruction, supervised agricultural experience and FFA activities. The FFA has the unique characteristic of binding the program together serving as the catalyst, advancing the student more rapidly toward success.

FFA is the national organization of, by and for students of agricultural education. Since the founding of the National FFA Organization in 1928, it has been an important part of the public school program of agriculture, food and natural resources. It is an essential teaching tool for the practical application of technical skills and lessons in leadership, cooperation, and citizenship. The FFA provides learning and personal development for more than 624,000 young people by challenging them with a program of leadership activities and incentive awards designed to complement and strengthen the instructional program in agriculture.

The Texas FFA Career Development Events are educational activities organized by the National and State FFA Organizations and hosted by colleges and universities, industry sponsors and others interested in young people in agricultural education. This manual explains the Leadership Development Events, which are held in the fall of each year, frequently as invitational events and then at 57 district competitions, which provide opportunities to advance to area and finally to state competition. Information for the following events will be posted on the Texas FFA Homepage.

LEADERSHIP DEVELOPMENT EVENTS

SAM HOUSTON STATE UNIVERSITY

GENERAL

1. Registration must be done via the Judgingcard.com online registration system by 5:00 p.m. on the Monday prior to the event date. Supporting materials such as résumés and portfolios are considered part of an entry and must be submitted on the Tuesday prior to the event, but the team entry is due on the Monday prior to the event date. Late materials will not be scored.
2. Teachers are responsible for registering their team(s) via the Judgingcard.com online CDE system. Entries not posted on or before the deadline by the sponsoring university and the state FFA office will be subject to double entry fees, or risk team disqualification. Substitutions may be made by contacting the event superintendent via telephone or e-mail or at the event before the team participates.
3. A \$50.00 fee will be assessed for each entry. Late entries will be charged a double entry fee. Entry fees will be paid through JudgingCard.com to “Ewell Educational Services”.
4. Each area coordinator will certify the teams to enter, including alternate teams. This information must arrive either by fax, mail or e-mail no later than the Tuesday immediately prior to the state event. Forms are available for download on the Texas FFA Association website.
5. Eligibility of all team members will be verified by checking the chapter's FFA roster submitted to the Texas FFA Association. Teams that have members declared ineligible (due to not being listed on the chapter's FFA roster submitted for state and national purposes), will be required to pay the member's state and national dues in addition to a \$25.00 roster processing fee per occurrence, or be disqualified. Entries that compete with ineligible students shall be disqualified and shall forfeit any and all honors, titles or future claims to such honors and titles.
6. Eligibility of participating students is based on the following criteria:
 - a. Students must be eligible to participate in compliance with state laws and rules concerning extracurricular participation.
 - b. Students must be members of the FFA and listed on the state roster of a chartered chapter in current good standing.
 - c. Proof of enrollment will be requested in the case of a protest.
 - d. Members must be currently enrolled in an agricultural class to be eligible to participate. Members in accelerated block or quarter schedules which were enrolled earlier in the fall semester shall be considered enrolled for the entire semester.
 - e. National qualifiers will provide verification of enrollment before being certified for national competition.
 - f. The individual, not the chapter, qualifies in the Creed and Job Interview LDEs; therefore, should an individual not be able to compete, for any reason in one of these LDEs for which they qualify, the next highest placing individual from the same Area shall qualify. The chapter of the individual who is unable to compete may not simply name a replacement from their own chapter.

7. All students shall be in official FFA dress, but according to Texas FFA Official Dress Standards, which includes black dress boots, in each event with the exception of the Agricultural Skill Demonstration events (the FFA bowtie is **NOT** acceptable official dress). Complete Official Dress Guidelines can be found at www.texasffa.org → About → Official Dress. Hair accessories and jewelry are acceptable. Visible socks must be black. Students not in full compliance of official dress standards shall be notified before entering the event room and given opportunity to correct the deficiency as long as such remedial action does not disrupt the event schedule. Members who fail to comply will not be allowed to compete. No penalties will be assessed and no corrections will take action after the contest begins.
8. Students may participate in any two events for which they are eligible. No student may participate in the same event on both the Greenhand and Chapter FFA level.
9. Each area will be entitled to send two teams in each event. A chapter may have one entry in each event.
10. There will be thirteen separate events as follows:
 - a. **Greenhand Division** - Only students enrolled in the first year, first semester of high school credit in an agriculture, food and natural resources class are eligible to participate in the Greenhand event with the exception of chapter conducting, where the teacher or any active member may serve as advisor. Members in middle school classes for local credit may participate in fall LDE's, but will be required to compete in the senior division in subsequent years.
 - i. Chapter Conducting
 - ii. Agricultural Skill Demonstration
 - iii. Greenhand FFA Quiz
 - iv. Greenhand Creed Speaking (Must be 7th, 8th or 9th grade as per national rules.)
 - b. **Chapter Division** – Greenhand students may compete in the chapter FFA division.
 - i. Chapter Conducting
 - ii. Agricultural Skill Demonstration
 - iii. FFA Broadcasting
 - iv. Public Relations
 - v. Agricultural Issues Forum
 - vi. Senior Creed Speaking
 - vii. Chapter Agricultural Quiz
 - viii. Job Interview
 - ix. Agricultural Advocacy
11. Members of the first-place team in greenhand chapter conducting, quiz, agricultural skill demonstration and creed speaking are allowed to return to like events on the senior level. Members of the first-place teams in all other leadership events are ineligible to compete in that type of event again.
12. Results will be announced in accordance to the published schedule posted by Sam Houston State University on the registration website. Certificates of participation presented to all teams, awards made to the winning teams, and photographs will be taken of the top three teams and the top two

sweepstakes chapters in each division. All team members must be in the attire required for their specific event for pictures.

13. Participation times shall be fixed on a rotational basis, with an equal number of area winners and runners-up in each heat. Areas shall be notified prior to the area event of the participation order. The advisor of any team unavoidably delayed and not present when scheduled to participate should contact the general superintendent immediately. He/she must verify delay upon arrival; otherwise the team is automatically eliminated. Teams with conflicts may request a trade of performance times with another team with the approval of the general superintendent. Advisors are under no obligation to trade performance times with another chapter. The top five teams from each heat will advance to the finals. Teams advancing to the finals will be assigned times following the order of participation in the preliminaries, alternating between heat one and heat two.
14. Five large banners (24" x 48" with yellow border) will be awarded to the high teams in each event. Smaller rectangular banners will be awarded to sixth through tenth place. Medals will be given to each member of the first-place teams. All event participants will receive a certificate of participation.
15. Judges' critique sheets shall be returned for review following the event.
16. All contests will be open to the public as space becomes available (except chapter conducting and job interview). No picture taking, videotaping, or cell phone use shall be permitted at events. As a professional courtesy, participants SHOULD NOT observe other teams in the event in which they are competing on that day.
17. The following teams that win the state events are eligible to participate in the national career development events: job interview, agricultural issues forum, senior chapter conducting (parliamentary procedure) and greenhand creed. National qualifiers will provide verification of enrollment before being certified for national competition. In compliance with national rules, a student may be certified for one national career development event in a given year. Students who participate in a national event are ineligible to compete in that event in all future state sanctioned competitions.
18. Participants shall be ranked in numerical order on the basis of the final score to be determined by each judge without persuasive consultation. Judges are encouraged to collaborate on final placing. The judges' ranking of each participant then shall be added, and the winner will be that participant whose total ranking is the lowest. Other placings will be determined in the same manner (low point score method of selection).
19. The overall sweepstakes winner and runner-up shall be the chapters that earned the most points: first place: 10 points; second place: 9 points; third place: 8 points; fourth place: 7 points, etc. Entries placing below tenth place shall not receive sweepstakes points. In the event there is a tie for first place, co-winners and a runner-up shall be awarded. In the event there is a tie for runner-up, co-winners for runner-up honors shall be awarded. There will be two sweepstakes divisions consisting of a single and multi-teacher division.

20. Sam Houston State will be the sole provider of the quiz and chapter conducting problems and any outside consultation from anyone that is not employed with SHSU should be approved by the LDE committee.
21. All event materials must be posted on the Texas FFA website on or before September 1.

JUDGES FOR EVENTS

1. Area associations will provide judges for state events in accordance to the rotational table provided. All area coordinators shall submit all judges' names no later than 5:00 p.m. on the Monday prior to the state event. It will be up to each area to decide on a judge and create a qualified list of current or former agriculture science teachers previously placing fourth or better in that specific area contest. This list is to be updated and submitted to Texas FFA from each area by September 1.
2. At least two judges for each event, except agricultural issues forum and job interview, will be teachers. Judges representing agricultural business and industry may be used if they are qualified.
3. Judges should sign all critique sheets and submit them with the contest results.

CONFLICT RESOLUTION

1. Appeals concerning district and area standings for recognition and awards shall be resolved by officials at the corresponding levels of competition.
2. The state LDE process is a tournament concept that begins at the district level and culminates at the state event. Unresolved district-level disputes concerning qualification for area competition may be appealed to the respective area executive committee only after the district committee has heard and ruled on the matter in question. Teachers may request a state level review of any such ruling. The state executive committee shall overturn only those decisions that are ruled to be arbitrary or in conflict with state policy.
3. Appeals of area-level decisions concerning state qualification or state event decisions must be filed in writing with the Texas FFA Association executive director no later than 5:00 p.m. on the first working day following the decision under appeal. All appeals shall be considered by the executive board.
4. Persons whose judgment may be influenced by a vested interest or a pre-existing relationship that may impair their ability to be fair and impartial must excuse themselves from all deliberations concerning appeals.
5. Subjective qualitative judgments inherent in evaluating event performances may not be appealed.

Texas FFA Inclement Weather Policy

Inclement Weather

For state events, the state executive director shall work proactively with providers to assess potential weather and road hazards which could create travel risks for students and teachers. Should inclement weather pose a potential travel risk for groups from any part of the state, the executive director shall consult the state executive board and appropriate experts (such as but not limited to National Weather Service forecasters) to assess potential hazards and consider options for amending event start times or participation schedules to facilitate safer travels, event postponement or cancellation. The Texas FFA Association shall make student safety the top priority in all such decisions.

If possible, the executive director or his or her designee shall notify teachers via e-mail and/or the emergency text messaging system of any impending event decisions regarding inclement weather.

District and area associations are to work with their respective executive committees in assessing weather-related travel risks. The state executive director shall work with area event coordinators in adjusting state entry and material submission deadlines for area events postponed due to inclement weather.

Lightning Safety

Lightning may be the most frequently encountered severe storm hazard endangering physically active people each year. Millions of lightning flashes strike the ground annually in the United States, causing nearly 100 deaths and 400 injuries. Three quarters of all lightning casualties occur between May and September, and nearly four fifths occur between 10:00 am and 7:00 pm, which coincides with the hours for most career development events held in field conditions.

Providers should postpone or suspend activity if a thunderstorm appears imminent before or during an activity or contest (irrespective of whether lightning is seen or thunder heard) until the hazard has passed. Signs of imminent thunderstorm activity are darkening clouds, high winds, and thunder or lightning activity. Student safety must be the first priority. If the provider deems it necessary to collect and hold scan sheets, students must be moved to a safe location before such collections are conducted.

Recommendations for Lightning Safety

1. Establish a chain of command that identifies who is to make the call to remove individuals from the field.
2. Name a designated weather watcher (A person who actively looks for the signs of threatening weather and notifies the chain of command if severe weather becomes dangerous). Lightning meters are recommended but not required. Most athletic departments own these meters.
3. Have a means of monitoring local weather forecasts and warnings.
4. Designate a safe shelter for each venue that can accommodate the anticipated number of contestants. See examples below.
5. Use the Flash-to-Bang count to determine when to go to safety. By the time the flash-to-bang count approaches thirty seconds all individuals should be already inside a safe structure. See method of determining Flash-to-Bang count below.
6. Once activities have been suspended, wait at least thirty minutes following the last sound of thunder or lightning flash prior to resuming an activity or returning outdoors.
7. Avoid being the highest point in an open field, in contact with, or proximity to the highest point, as well as being on the open water. Do not take shelter under or near trees, flagpoles, or light poles.
8. Assume that lightning safe position (crouched on the ground weight on the balls of the feet, feet together, head lowered, and ears covered) for individuals who feel their hair stand on end, skin tingle, or hear "crackling" noises. Do not lie flat on the ground.

9. Observe the following basic first aid procedures in managing victims of a lightning strike:

- Activate local EMS
- Lightning victims do not "carry a charge" and are safe to touch.
- If necessary, move the victim with care to a safer location.
- Evaluate airway, breathing, and circulation, and begin CPR if necessary.
- Evaluate and treat for hypothermia, shock, fractures, and/or burns.

10. All individuals have the right to leave a career development event site in order to seek a safe structure if the person feels in danger of impending lightning activity, without fear of repercussions or penalty from anyone.

Definitions

Safe Shelter:

1. A safe location is any substantial, frequently inhabited building. The building should have four solid walls (not a dug out), electrical and telephone wiring, as well as plumbing, all of which aid in grounding a structure.
2. The secondary choice for a safer location from the lightning hazard is a fully enclosed vehicle, including a school bus, with a metal roof and the windows completely closed. It is important to not touch any part of the metal framework of the vehicle while inside it during ongoing thunderstorms.
3. It is not safe to shower, bathe, or talk on landline phones while inside of a safe shelter during thunderstorms (cell phones are considered safe).

Flash-to-Bang:

To use the flash-to-bang method, begin counting when sighting a lightning flash. Counting is stopped when the associated bang (thunder) is heard. Divide this count by five to determine the distance to the lightning flash (in miles). For example, a flash-to-bang count of thirty seconds equates to a distance of six miles. Lightning has struck from as far away as 10 miles from the storm center.

Example of Participation Formula: Formula to calculate deductions (only use if member does not receive 3 marks). Least participation marks subtracted from most participation marks and multiply that number by 2 and then subtract that result from 50 to get your total points. Example: Sentinel has 2 marks and Secretary has 8 marks: $8-2=6$, $6*2=12$, $50-12=38$ points for participation.

The event is developed to help participants in their current job search (for SAE projects, part-time and full-time employment). Therefore, the job description, cover letter, résumé and references submitted by the participants must reflect their current skills and abilities and must be targeted to a realistic agricultural job or internship for which they are qualified to apply.
